

## 'How To' Measuring Guide

- 1. GIRTH** Measure from the center of one shoulder, down the front of the torso, through the crotch and up the back to the starting point.
- 2. BUST** Make sure the dancers arms are in a relaxed demi port de bras (as shown in picture), continue to measure around the fullest part of the chest, keeping the tape measure parallel to the floor.
- 3. WAIST** Measure around the natural waistline, the narrowest part of the upper body (never measure over shirt or pants).
- 4. HIPS** Measure around the fullest part of the lower body, keeping tape straight and parallel to the floor.
- 5. INSEAM** Measure the inside of the leg from the crotch down to the ankle bone.

*Costumes that are UNISEX sizes are sized according to women's measurements.*

## Sizing Tips:

- Measure carefully.
- Hold tape measure loosely when measuring.
- Make sure students are wearing a leotard and tights, standing up straight.
- Girth is the most important measurement when deciding on a size.
- Remember young children will continue to grow.
